

Product Specification and Technical Data

PRODUCT: BG Solv-It
For Cleaning Vehicle Exterior Body Surfaces

PART NO.: 852

TEST DATA:	Test	ASTM Test Method	Typical Test Results
	API Gravity @ 15.6°C (60°F)	D 287	37.7
	Specific Gravity @ 15.6°C (60°F).	D 1298	0.8365
	Density,		
	U.S. lbs./gal. @ 15.6°C (60°F).	D 1250	6.974
	Flash Point, TCC	D 56	18°C (65°F)
	Pour Point	D 97	>-40°C (-40°F)
	Color	Visual.	Clear/Transparent

PROBLEM: Under any operating conditions, a car’s body is exposed to undesirable substances that negatively affect its appearance. These substances such as undercoating overspray, cosmolene, adhesive sealers, tar, grease, road oil, wax, and silicone polishes can be nearly impossible to remove through ordinary methods.

SOLUTION: BG Solv-It is a special blend of solvents especially effective at cleaning exterior body surfaces. BG Solv-It is the ideal product for removing undercoating overspray, cosmolene, adhesive sealers, tar, grease, road oil, wax, silicone polishes, and other unsightly substance from any part of a car’s exterior body.

USAGE: BG Solv-It should first be tested on an inconspicuous area of the painted surface to ensure compatibility. Apply BG Solv-It with a clean cloth. Lightly rub area to be cleaned with the cloth, wipe off, and repeat if necessary.

BG Products, Inc. accepts no liability for excessive use or misuse of this product.
